

Ciao delfini

Dopo aver scoperto alcune caratteristiche di molti animali, provate ad imitare le loro andature.

Guardate questo video al link:

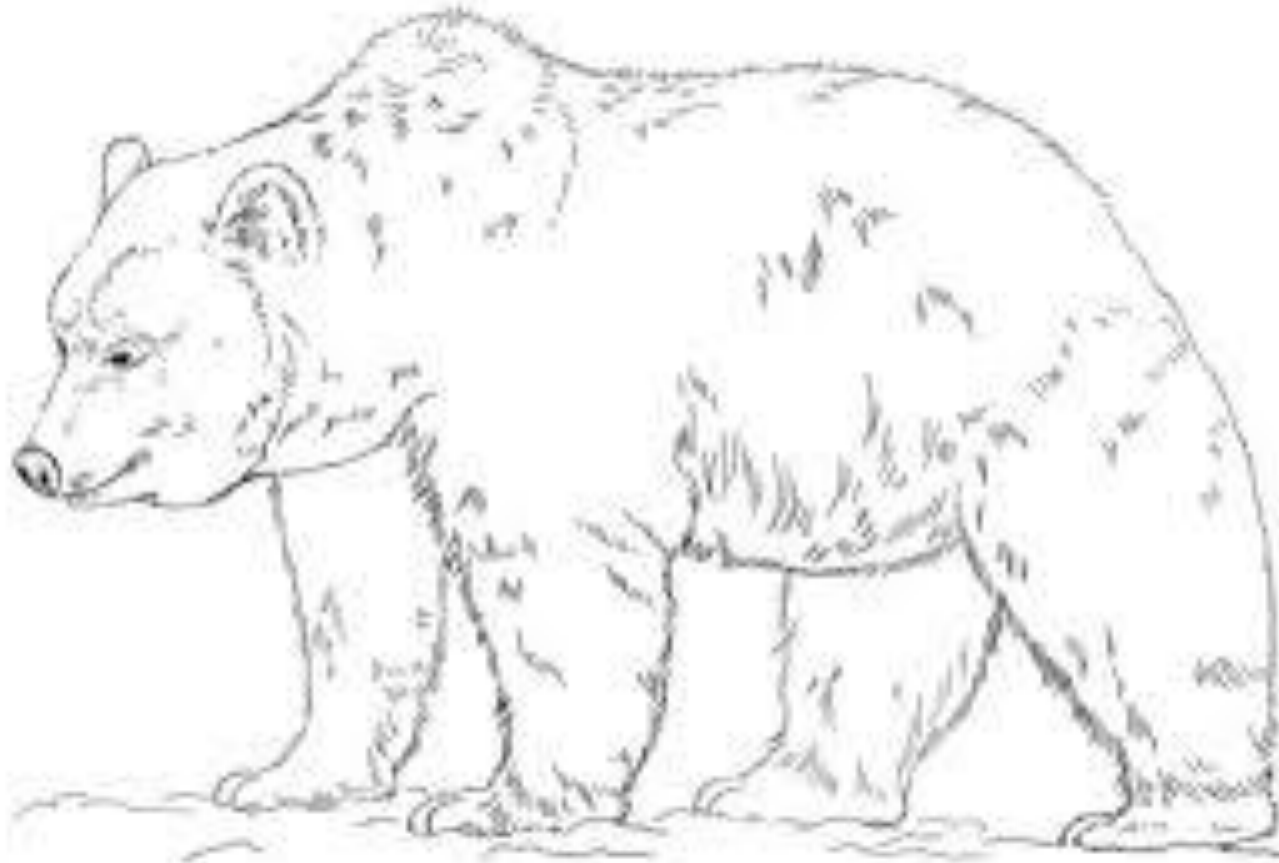

<https://youtu.be/7zRmZm6oX1o>

Osservate bene le andature degli animali e provate ad eseguirle tutte, tranne il pipistrello!!!

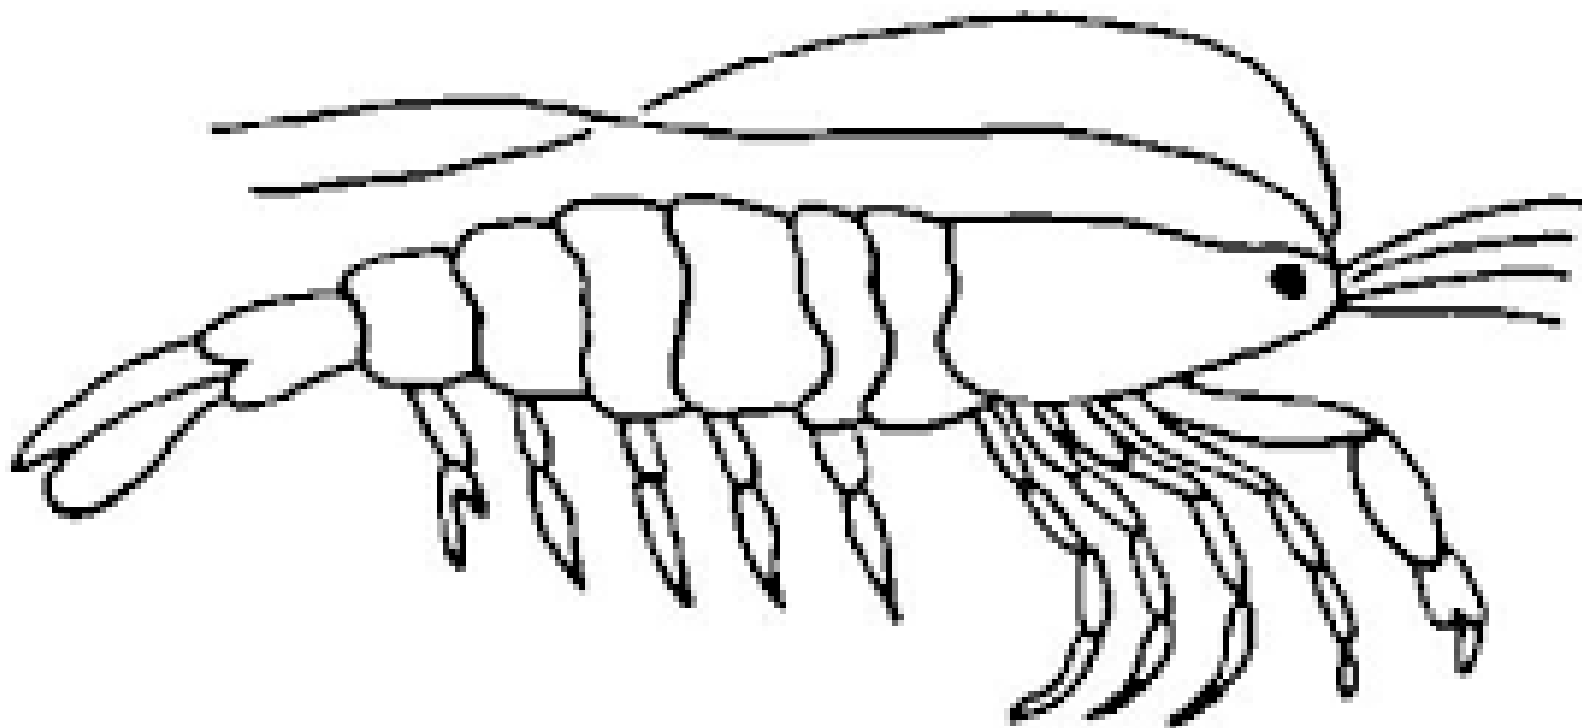

Quando fate lo scorpione non datevi troppa spinta, basta che solleviate un po' le gambe!!

Disegnate o colorate l'animale che vi è piaciuto di più e, se volete, inviateci i vostri capolavori!
